KNOTTY ALDER

For the discerning homeowner looking for rustic elegance with an appealing natural charm, Knotty Alder is a perfect choice. Alder is a warm and inviting fine grained hardwood with a light reddish-brown hue that accepts stain well. The pattern on Alder is random with knots ranging from small and tight to bold and rustic. Choose from two arched designs – raised panel and v-grooved flat.

Knotty Alder is...

- Natural, yet elegant
- Rustic with random knot patterns
- Receptive to most stains and finishes
- Quickly becoming one of the most requested species
- Easy to match with other cabinetry and trim
